- 72 Vocational Bachelor’s Degree Programs

- 369 Institutional Diplomas

- 3 Paramedical Diplomas

- 19 Technological Diplomas

- 8 Engineering Diplomas

- 35 Bachelor’s Degree Programs including 134 courses

- 12 Doctoral Schools

- 3,300 Doctoral Students

- 79 Master’s Degree Programs including 304 specialties

- 79 Doctoral Programs

- 79 International Ones

- 39%
AMU proposes several events and educational measures dedicated to information, advising, reorientation, careers and student entrepreneurship. AMU is the leader of PEPITE PACA West (Student Pole for Innovation, Transfer and Entrepreneurship), of which all its actions and measures promote the entrepreneurial spirit. PEPITE PACA West is made up of higher education institutions, most of which are linked to the AMU’s academic AMPM, from Aix-Marseille local education authority, to local socio-economic actors and professionals in creating businesses. Supported by regional and local authorities, companies and the Deposits and Consignments Fund, it trains students and graduated students and supports them in their business creation projects. Since creation 3 years ago: 40 companies have been created in the region, 10,000 students have been coached in the spirit of entrepreneurship, 2,000 students and graduates have been trained.

Members of PEPITE PACA West: Aix-Marseille University - Aix-Marseille Local Education Authority - Arts et Métiers - Centrale Marseille - University of Avignon and the Vaucluse Science Po Aix - Gardanne Ecole des Mines

Fostering Entrepreneurship

> MASTERS STUDY FAIR   > AMU-COMPANIES ENCOUNTERS
> INTERNSHIP AND JOB FAIR   > BUSINESS GAME BY NIGHT
> 36H CHRONO FOR BUSINESS CREATION
One University, Many Partners

30
Framework Agreements have been signed since 2012 with Socio-Economic Partners

60
Institutional Partners in Culture For the 2016-2017 cultural program

A major force of the territory’s development, Aix-Marseille University increases partnerships with socio-economic actors. Since 2012, it has signed about thirty framework agreements to contribute to innovation, foster the local economic fabric’s competitiveness and strengthen its students’ vocational integration through special internship and job offers.
